

CONSUMER INFORMATION EVENT

Hosted by the FCC and United Way of Southwest New Mexico

Federal Communications Commission (FCC) officials will be here to answer your questions and help address telecommunication issues you may have. This includes questions such as:

- Are you getting too many illegal unwanted robocalls at all hours of the day and night?
- Are you receiving scam calls?
- Is your phone bill confusing and seemingly written in some other language?
- How can you be sure not to lose your favorite television stations after the upcoming broadcast transition?
- How do you make your voice heard regarding telecommunications and broadcasting issues?

This is a great opportunity to meet with representatives from the FCC.

January 29, 2020

5:00 p.m.

Silver City Public Library
515 West College Avenue
