# **Reminders**

- 2023 Surveillance Year testing should be completed by December 31$^{st}$, 2023.
- 2023 Surveillance Year summary needs to be submitted to FCC by January 31$^{st}$, 2024.
- Reminder to use the summary report template provided by FCC.

# Some Numbers

- 25,333 equipment authorizations from January 1$^{st}$ to September 30, 2023.

- 31,328 equipment authorizations for same time period in 2022.

- Based on projections, by the end of 2023 the total will be close to 34,000 equipment authorizations.

- The end of year total for 2022 was about 40,000 equipment authorizations.

- Decline in equipment authorizations for 2023 expected.

# **Observations**

Haven't received many non-compliance or unable to obtain sample KDB inquiries.

Reminder that TCBs should inform FCC immediately if there are any non-compliances.
