

COMPUTER MATCHING AGREEMENT

BETWEEN

NEVADA DEPARTMENT OF HEALTH AND HUMAN SERVICES, DIVISION OF
WELFARE AND SUPPORTIVE SERVICES

AND

UNIVERSAL SERVICE ADMINISTRATIVE COMPANY AND THE FEDERAL
COMMUNICATIONS COMMISSION

I. INTRODUCTION

This document constitutes an agreement between the Universal Service Administrative Company (USAC), the Federal Communications Commission (FCC), and the Nevada Department of Health and Human Services, Division of Welfare and Supportive Services (DWSS) (collectively, Parties). The purpose of this Agreement is to comply with the Computer Matching and Privacy Protection Act of 1988 (CMPPA), Public Law 100-503, 102 Stat. 2507 (1988), which was enacted as an amendment to the Privacy Act of 1974 (Privacy Act), 5 U.S.C. § 552a; the Federal Information Security Modernization Act of 2014 (FISMA), 44 U.S.C. § 3551, *et seq.*, as amended; related National Institute of Standards and Technology (NIST) guidelines, which provide the requirements that the federal Government must follow regarding use, treatment, and safeguarding of data; and Office of Management and Budget (OMB) Guidelines pertaining to privacy, information security, and computer matching.

As discussed in section II.B. below, USAC has been designated by the FCC as the permanent federal Administrator of the Universal Service Fund programs, including the Lifeline program (Lifeline) that is covered by this Agreement.

A. Title of Matching Program

The title of this matching program as it will be reported by the FCC and the OMB is as follows: “Lifeline Program Computer Matching Agreement with the Nevada Department of Health and Human Services, Division of Welfare and Supportive Services.”

B. Matching Agencies

1. Source Agency: DWSS
2. Recipient Agencies: FCC and USAC

II. PURPOSE AND LEGAL AUTHORITIES

A. Purpose

The results generated by this Computer Matching Agreement (CMA or Agreement) will serve as one of several data points to verify eligibility of applicants to and subscribers of the federal Universal Service Fund (USF or Fund) Lifeline program using the National Lifeline Eligibility Verifier (National Verifier) and to further the integrity of the Lifeline program. This CMA seeks to ensure that Lifeline program applicants and subscribers are eligible to receive the Lifeline benefit in 47 C.F.R. § 54.409. The federal Lifeline regulations under 47 C.F.R. § 54.400 *et seq.* provide eligibility requirements, including enrollment in the Supplemental Nutrition Assistance Program (SNAP) and Medicaid.

This CMA seeks to use SNAP and Medicaid data for eligibility purposes to ensure that applicants to and subscribers in the Lifeline program are eligible to receive the Lifeline benefit provided for by statute. This will be accomplished by matching specific USAC data with DWSS SNAP and Medicaid data. In doing so, and consistent with the terms of this Agreement, USAC shall transmit the Lifeline program applicant or subscriber's personally identifiable information (USAC data) to DWSS, and DWSS shall confirm with an affirmative or negative confirmation as to whether the Lifeline program applicant or subscriber is currently enrolled in SNAP or Medicaid. USAC and DWSS will exchange data using a secured file delivery system and with all matching conducted internally. This process is explained in further detail in section IV.B. of this Agreement.

DWSS and USAC agree that the information exchange shall be utilized for the purpose of verifying a qualified assistance recipient as being eligible for the Lifeline program, and any auditing and/or data analysis requirements under the Privacy Act or other legal authority.

B. Legal Authorities

The CMPPA establishes procedural requirements for agencies to follow when engaging in computer-matching activities.

1. FCC and USAC

The FCC has designated USAC as the Administrator of federal support mechanisms, 47 C.F.R. §§ 54.701-717. Under the FCC's rules and the Memorandum of Understanding between the FCC and USAC, USAC administers each of the USF programs consistent with Section 254 of the Communications Act of 1934, as amended, 47 U.S.C. § 254, Part 54 of the Code of Federal Regulations, orders, written directives, and other instructions promulgated by the FCC or its bureaus and offices and other laws as applicable.

Any records USAC creates pursuant to this authority are FCC records. Because the FCC is an agency under the Privacy Act, 5 U.S.C. § 552a(a)(1), records that are part of a "system of records," as that term is defined at 5 U.S.C § 552a(a)(5), are subject to the Privacy Act.

USAC may collect and verify eligibility of Lifeline program subscriber data under the statutory authorities cited above and applicable FCC orders, rules and regulations, including *Lifeline and Link Up Reform and Modernization et al.*, Third Report and Order, Further

Report and Order, and Order on Reconsideration, 31 FCC Rcd 3962 (2016) (the Lifeline Reform Order). The Lifeline Reform Order requires USAC to create and operate the National Verifier, with the oversight and supervision of the FCC’s Wireline Competition Bureau and the Office of the Managing Director. *Id.* at 4006, para. 126. As part of this effort, the Lifeline Reform Order directs USAC to work with both federal and state agencies to establish an efficient electronic subscriber certification process, including communications with other databases. *Id.* at 4011-12, paras. 135-37.

2. DWSS

DWSS is responsible for the oversight and supervision of SNAP under Chapter 422A of the Nevada Revised Statutes (NRS) and Medicaid under Chapter 422 of the NRS. DWSS maintains the case records and confidential personally identifiable information (PII) of individual applicants and recipients for SNAP and Medicaid. No information maintained by DWSS—other than an affirmative or negative confirmation as to whether a Lifeline program applicant or subscriber is currently enrolled in SNAP or Medicaid—shall be transmitted to USAC pursuant to this Agreement. DWSS will not release any information from a recipient’s case record beyond the responses described in section IV.B. of this Agreement. DWSS does not use the data received by USAC other than for the purpose of generating a matching response and DWSS does not store, nor is it capable of retrieving, the data that it receives from USAC in any way after it submits a response to USAC. The applicable statutory provisions for confidential records of recipients of public assistance and for establishing the custody and use of those records are NRS 422A.342 and NRS 422.2749. The applicable statutory provision defining “personal information” in Nevada in NRS 603A.040. The USAC Data does not qualify as “personal information” pursuant to Nevada law.

III. JUSTIFICATION AND EXPECTED RESULTS - COST BENEFIT ANALYSIS

A. Justification

The FCC has directed USAC to develop and implement the National Verifier. The National Verifier determines eligibility for the Lifeline program and periodically recertifies the eligibility of such individuals. DWSS administers SNAP and Medicaid, which are qualifying eligibility programs for the Lifeline program.

B. Expected Results - Cost-Benefit Analysis

USAC anticipates that computer matching will verify the eligibility of Lifeline program subscribers and help prevent ineligible individuals from entering the Lifeline program. This Agreement and related processes will also reduce administrative costs for processing and provide increased protection for consumer personal information.

The Lifeline specific costs and benefits are as follows:

NEW NATIONAL VERIFIER APPLICATIONS

Nevada consumers submit an average of 63,667 Lifeline applications per month, according to National Verifier application data for a recent 3-month period. Based on 2022 American Community Survey (ACS) data that USAC uses to estimate the number of households eligible for the Lifeline benefit, USAC expects as many as 60.9% of households eligible for Lifeline in Nevada to automatically prove eligibility via National Verifier connections with the federal Centers for Medicare & Medicaid Services (CMS) and Department of Housing and Urban Development (HUD) databases. Based on 2022 ACS data, USAC expects an additional 12.4% of households eligible for Lifeline in Nevada whose eligibility cannot be confirmed through the available federal databases to be able to automatically prove eligibility via a connection to the state's SNAP and Medicaid databases due to their participation in SNAP and Medicaid. Thus, on a monthly basis, approximately 7,895 (12.4% of 63,667) Nevada consumers may be able to automatically prove eligibility via the state SNAP and Medicaid databases and would not be required to submit paper documentation for National Verifier manual review. At the cost of \$3 per application, the manual review process results in an approximate monthly cost of \$23,685 and an approximate annual cost of \$284,220 to the Lifeline program. There are no incremental costs for automated database checks.

The connection to Nevada's SNAP and Medicaid databases would thus enable the National Verifier to avoid an estimated \$284,220 in annual costs to the Lifeline program as a result of automated eligibility verification for new applications that would otherwise require manual review.

RECERTIFICATION NATIONAL VERIFIER APPLICATIONS

Approximately 116,455 Nevada subscribers undergo the eligibility recertification process on an annual basis, according to National Lifeline Accountability Database (NLAD) data from a recent 3-month period. Based on 2022 ACS data that USAC uses to estimate the number of households eligible for the Lifeline benefit, USAC expects as many as 60.9% of households eligible for Lifeline in Nevada to automatically prove eligibility via National Verifier connections with the federal CMS and HUD databases. Based on 2022 ACS data, USAC expects an additional 12.4% of households eligible for Lifeline in Nevada whose eligibility cannot be confirmed through the available federal databases to be able to automatically prove eligibility via a connection to the state's SNAP and Medicaid databases due to their participation in SNAP and Medicaid. Thus, on an annual basis, approximately 14,440 (12.4% of 116,455) Nevada subscribers may be able to automatically prove eligibility at recertification via the state SNAP and Medicaid connections and would not be required to submit paper documentation for National Verifier manual review or self-certification. At the cost of \$3 per application, manual review of recertification applications results in an approximate annual cost of \$43,320 to the Lifeline program. There are no incremental costs for automated database checks.

The connection to Nevada's SNAP and Medicaid databases would thus enable the National Verifier to avoid an estimated \$43,320 in annual costs to the Lifeline program as a result of automated eligibility verification for recertification applications that would otherwise require manual review. In total, the connection to Nevada's SNAP and Medicaid databases would enable the National Verifier to avoid an estimated \$327,540 in annual costs to the Lifeline

program based on electronic eligibility determinations for both new applications and required recertifications.

IV. DESCRIPTION OF THE DATA TO BE EXCHANGED

A. Systems of Records and Estimated Number of Records Involved

FCC and USAC

The USAC records shared as part of this CMA reside within the following:

- The FCC's Lifeline system of records that the FCC has designated as FCC/WCB-1 published in the Federal Register on April 19, 2024 (89 FR 28777). Routine Use No. 18 supports the FCC's disclosures under this Agreement.

Records Estimate

The estimated number of records is subject to the number of individuals who apply for Lifeline program services and who recertify eligibility for those services.

Approximately 764,004 new Lifeline consumers are vetted through the eligibility process each year. Approximately 116,455 Lifeline subscribers will be recertified annually.

B. Description of the Match

The match will be based on the following list of data elements: last name, date of birth, and last four digits of the Social Security Number. DWSS will match the USAC data elements to its SNAP and Medicaid data. There are three (3) scenarios for the DWSS match process, which will be returned to USAC as a Y/N/E response. DWSS will not release any other information from the SNAP or Medicaid recipient's records. The scenarios are:

1. Y: Eligible DWSS match – DWSS finds an eligible match in its respective system for the USAC Data provided.
2. N: Ineligible DWSS match – DWSS finds an ineligible match in its respective system for the USAC Data provided.
3. E: No DWSS match – DWSS finds no match, an error, or an unresolvable result in its respective system for the USAC Data provided.

DWSS processes the data received from USAC only to provide a matching response. DWSS does not have access to, or the ability to retrieve, any data sent by USAC after it sends the matching response to USAC.

C. Projected Starting and Completion Dates

As described in greater detail in section XVI, unless provided for otherwise by statute, the

Effective Date of this Agreement will be thirty (30) days after the FCC has published notice of the matching program in the Federal Register (FR), provided that the FCC has first provided the proposed matching program report to the Congressional committees of jurisdiction and OMB in accordance with 5 U.S.C. § 552a(o)(2)(A) and (r) and OMB Circular A-108 (Commencement Date). As the federal agency that directs USAC, the FCC shall:

1. Transmit this Agreement to Congress;
2. Provide advance notice to OMB and the appropriate Congressional committees;
3. Publish the Computer Matching Notice in the Federal Register; and
4. Address public comments that may result from publication in the Federal Register.

V. NOTICE PROCEDURES

The Privacy Act requires matching agreements to specify procedures for notifying applicants/recipients at the time of registration and other periodic notice as directed by the Data Integrity Board (DIB) of such Party (subject to guidance provided by the Director of OMB) to applicants for and recipients of financial assistance or payments under federal benefit programs.

At the time individuals apply for or recertify their Lifeline benefit, the FCC and USAC provide them direct notice (through a Privacy Act notice and other notices provided during the process) that their personal information may be used in a matching program. *See e.g.*, FCC Form 5629, Lifeline Program Application Form, OMB Control No. 3060-0819; FCC Form 5630, Lifeline Program Annual Recertification Form, OMB Control No. 3060-0819. In addition, the system of records notice pertaining to the Lifeline program described above in section IV.A provides constructive notice that personal information in the Lifeline system may be shared for matching purposes.

As described in section IV.C. of this Agreement, the FCC will also publish a Matching Notice in the Federal Register to publicly disclose the establishment of this matching program. USAC and the FCC will make a copy of this Agreement available to the public upon request and will provide a link to this Agreement on the Privacy Program Page of their respective websites.

VI. VERIFICATION PROCEDURES AND OPPORTUNITY TO CONTEST

A. General

The Parties acknowledge and agree that this matching program is not the sole basis through which a beneficiary's eligibility for the Lifeline program may be determined. The Privacy Act requires that each agreement specify procedures for verifying information produced in the matching program as required by 5 U.S.C. § 552a(p). This subsection requires agencies to independently verify the information produced by a matching program and to provide the individual an opportunity to contest the agency's findings before an adverse action is taken against the individual because of the information. Subsequent amendments and regulations

allow for an agency to authorize a waiver of independent verification procedures when it finds high confidence in the accuracy of the data. *See* OMB, Final Guidance Interpreting the Provisions of P.L.100-503, the Computer Matching and Privacy Protection Act, 54 FR 25818, 25827-7 (June 19, 1989) (OMB CMPPA Guidance).

B. Verification Procedures

1. USAC will be responsible for ensuring that USAC data is current and accurate when it is provided to DWSS.
2. DWSS will be responsible for ensuring that DWSS data is current and accurate when it is provided to USAC.
3. Authorized users may not deny, terminate, or make a final decision of any benefit to an individual or take other adverse action against such individual solely as the result of the information produced by this matching program until an officer or employee of such Party has independently verified such information.
4. USAC's independent verification includes: (1) comparing automated data with manual files to verify applicant or subscriber identification, and (2) analyzing the confirmed information.
5. Denial of benefits will not be predicated on the result of an initial match between systems. Denial of benefits will be made only if a secondary verification check by a USAC employee or designated contractor is unable to validate the benefit information in the DWSS systems.

C. Notice and Opportunity to Contest

USAC will not terminate, suspend, reduce, deny, or take other adverse action against an applicant for or subscriber to the Lifeline program solely based on data disclosed from DWSS records until the individual is notified in writing of the potential adverse action and provided an opportunity to contest the planned action. "Adverse action" means any action resulting in a termination, suspension, reduction, or final denial of eligibility, payment, or benefit.

USAC agrees to provide such notices in writing and that such notices will:

1. Inform the individual of the match findings and the opportunity to contest these findings;
2. Give the individual an opportunity to submit, within thirty (30) days, to USAC, documentation to contest the findings and proposed actions prior to USAC making a final determination. The time to contest begins on the date on which notice is mailed or otherwise provided to the individual to respond; and

3. Clearly state that, unless the individual responds to the notice in the required time period, USAC will conclude that the matched data is correct and will effectuate the threatened action or otherwise make the necessary adjustment to the individual's benefit or entitlement.

To enable rapid response and resolution, authorized USAC database users will be provided USAC telephone numbers to call if a dispute occurs. USAC will respond to these calls when reasonably possible, and when requested, in writing.

VII. DISPOSITION AND RECORDS RETENTION OF MATCHED ITEMS

- A.** USAC will retain data it receives from DWSS under this Agreement only to the extent required for FCC auditing requirements and will then destroy all such data according to the proper records retention schedule. An exception will apply if the information is required for evidentiary reasons, in which case, the information will be destroyed upon completion of the criminal, civil, or administrative actions and cases.
- B.** As stated in Section II(b)(2) above, DWSS processes the data received from USAC only to provide a matching response. DWSS does not have access to, or the ability to retrieve, any data sent by USAC after it sends the matching response to USAC.
- C.** Any paper-based documentation used to determine whether a record was matched in the other Party's system and any documentation prepared for, provided to, or used to determine final benefit status will be destroyed by shredding, burning or electronic erasure of the information according to the proper records retention schedule. Other identifiable records that may be created by each Party during an investigation will be destroyed as soon as they have served the matching program's purpose under records retention requirements established with the National Archives and Records Administration (NARA) or under state law. Destruction will be by shredding, burning or electronic erasure.

VIII. SECURITY PROCEDURES

USAC and DWSS agree to these information security procedures:

A. Administrative Safeguards

USAC and DWSS will comply with the requirements set forth by the Privacy Act (5 U.S.C. § 552a(o)), FISMA, 44 U.S.C. §§ 3551-3559, related OMB circulars and memoranda such as Circular A-130, Managing Federal Information as a Strategic Resource (July 28, 2016), and NIST directives, including any amendments published after the effective date of this Agreement. These laws, directives, and regulations include requirements for safeguarding federal information systems and personally identifiable information used in business processes, and related reporting requirements. Specifically, FISMA requirements apply to all federal contractors, organizations, or entities that possess or use federal information, or that operate, use, or have access to federal information systems on behalf of an agency.

USAC and DWSS will restrict access to the data matched and to any data created by the match to only those authorized employees, contractors and officials who need it to perform their official duties for the uses of the data authorized in this Agreement. USAC and DWSS will also notify such authorized users of the civil and criminal sanctions for noncompliance contained in the applicable federal laws.

B. Technical Safeguards

1. USAC and DWSS will process the data matched and any data created by the match under the immediate supervision and control of authorized personnel to protect the confidentiality of the data, so unauthorized persons cannot retrieve any data by computer, remote terminal, or other means. DWSS shall not have access to or the ability to retrieve the data after the match.
2. USAC and DWSS will strictly limit authorization to these electronic data areas necessary for the authorized user to perform their official duties. All data in transit will be encrypted using algorithms that meet the requirements of the Federal Information Processing Standard (FIPS) Publication 140-2 or 140-3 (when applicable).
3. Authorized system users will be identified by User ID and password, and individually tracked to safeguard against the unauthorized access and use of the system. System logs of all user actions will be saved, tracked and monitored periodically.
4. USAC will transmit data to DWSS via encrypted secure file delivery system. For each request, a response will be sent back to USAC to indicate success or failure of transmission.

C. Physical Safeguards

USAC agrees to maintain and DWSS agrees to process all automated matching records in a secured computer environment that includes the use of authorized access codes to restrict access. Those records will be secured under conditions that restrict access to persons who need them for official duties related to the matching process. The user's supervisor will ensure that USAC or DWSS are notified when a user has departed or duties have changed so the user no longer needs access to the system, to ensure timely deletion of the user's account and password.

IX. INCIDENT REPORTING AND NOTIFICATION RESPONSIBILITIES

- A. FISMA defines "incident" as "an occurrence that (A) actually or imminently jeopardizes, without lawful authority, the integrity, confidentiality, or availability of information or an information system; or (B) constitutes a violation or imminent threat of violation of law, security policies, security procedures, or acceptable use policies."

- B.** USAC and DWSS agree to report and track incidents in accordance with the most current version of Department of Homeland Security and the United States Computer Emergency Readiness Team (US-CERT) guidelines. Upon detection of an incident related to this interconnection, the Party experiencing the incident will promptly notify the other Party's System Security Contact(s) named below:
- USAC will promptly notify this contact at DWSS:
 - Information Security Officer, (775) 430-6548
 - Deputy Administrator (IS), (775) 684-0500
 - DWSS will promptly notify the following contacts at USAC simultaneously:
 - USAC Systems Security Team: incident@usac.org
 - USAC Privacy Team: privacy@usac.org
 - As soon as possible after notifying DWSS of an incident, or after receiving notification of an incident from DWSS, USAC will report the incident to the FCC's Network Security Operations Center (NSOC) at NSOC@fcc.gov or (202) 418-4011 within one (1) hour of notification.
- C.** If the Party experiencing the incident cannot speak with the other Party's System Security Contacts within one (1) hour, or if contacting the System Security Contact is not practical (e.g., outside of normal business hours), then this contact information shall be used:
- USAC
 - USAC Chief Information Security Officer, Jeremy Hayes: (202) 916-3584
 - USAC Privacy Officer, Matthew Sneed: (202) 263-1612
 - DWSS
 - welfsecurity@dwss.nv.gov
- D.** If either USAC or DWSS experiences a loss of PII provided under this Agreement, the Party that experienced the loss incident will also comply with the PII breach reporting and security requirements set forth by OMB M-17-12, "Preparing and Responding to a Breach of Personally Identifiable Information" (January 3, 2017).
- E.** USAC and DWSS agree to notify all the Security Contact(s) named in this Agreement as soon as possible, but no later than one (1) hour, after the discovery of a breach (or suspected breach) involving PII. The Party that experienced the incident will also be responsible for following its internal established procedures effective at the time of the incident.
- F.** In the event of any incident arising from or in connection with this Agreement, each Party will be responsible only for costs and/or litigation arising from a breach of the Party's own systems; USAC is responsible only for costs and litigation associated with breaches to USAC systems, and DWSS is responsible only for breaches associated with DWSS

systems.

USAC and the FCC shall not be liable to DWSS or to any third person for any cause of action arising from the possession, control, or use by DWSS of applicant or subscriber PII, or for any loss, claim, damage or liability, of whatever kind or nature, which may arise from or in connection with this Agreement or using applicant or subscriber PII.

DWSS shall not be liable to USAC or to any third person for any cause of action arising from the possession, control, or use by USAC of applicant or subscriber PII, or for any loss, claim, damage or liability, of whatever kind or nature, which may arise from or in connection with this Agreement or using applicant or subscriber PII.

Nothing in this section shall be construed as a waiver of sovereign immunity against suits by third persons.

X. RECORDS USAGE, DUPLICATION AND REDISCLOSURE RESTRICTIONS

USAC and DWSS agree to these restrictions on use, duplication, and disclosure of information furnished by the other Party:

- A.** Absent additional statutory authorization, the records obtained for the administration of this matching program, and under this Agreement, will be used to match for the purposes stated under this Agreement, which includes determining eligibility for the Lifeline program. Unless compelled to do so by law or regulation, USAC and DWSS will not use the data derivatively, or disclose the data internally or externally, without the written consent of all Parties to this Agreement. Information about “non-matching” individuals will not be used or disclosed by either Party for any purpose outside of this Agreement and shall be destroyed or returned to the respective Party.
- B.** Records obtained for this matching program or created by the match will not be disclosed outside the Party except as may be essential to conduct the matching program, or as may be permissible or required by law. Each Party will obtain the permission of the other Party before making such disclosure.
- C.** Data or information exchanged will not be duplicated unless essential to the conduct of the matching program (e.g., should the original file become damaged or for back-up contingency purposes) or compelled by law or regulation. All stipulations in this Agreement will apply to any duplication.
- D.** If required to disclose these records to Congress, to a federal, state or local agency, or to a government contractor to accomplish the matching program’s purpose, each Party will notify the other Party regarding the disclosure request.
- E.** USAC and DWSS will not duplicate or create a separate file comprising information regarding those individuals involved in the specific matching programs except as necessary to monitor the results of the matching program.

F. Each Party will keep an accounting of disclosure from an individual's record as required by 5 U.S.C. § 552a(c) and will make the accounting available upon request by the individual or other Party.

G. The restrictions listed above in this section do not apply to data, information and reports that USAC is required to submit to the FCC to allow the FCC to carry out its oversight duties, including but not limited to, the National Verifier Annual Report required by the Lifeline Reform Order, 31 FCC Rcd at 4021, para. 166.

XI. RECORDS ACCURACY ASSESSMENTS

USAC and DWSS attest that they have a high degree of confidence in the information exchanged in the Matching Program, as defined herein.

XII. COMPTROLLER GENERAL ACCESS

The Parties authorize the Comptroller General of the United States (the Government Accountability Office), upon request, to have access to all USAC and DWSS records necessary to monitor or verify compliance with this matching Agreement, in accordance with 5 U.S.C. § 552a(o)(1)(K). This Agreement also authorizes the Comptroller General to inspect any records used in the matching process covered by this matching Agreement under 31 U.S.C. § 717 and 5 U.S.C. § 552a(b)(10).

XIII. INSPECTOR GENERAL ACCESS

By agreeing to this Agreement, DWSS and USAC authorize the FCC Office of Inspector General to use results from the data match conducted under this matching program for investigation, audits or evaluation matters under the Inspector General Act of 1978, as amended.

XIV. REPORT TO CONGRESS

When the FCC's DIB has approved this Agreement, the FCC will submit copies of it to the appropriate Committees of Congress for review, as required by 5 U.S.C. § 552a(o)(2)(A)(i).

XV. EXPENSES OF EACH PARTY

The Parties agree and acknowledge that DWSS offers the matching service described in section IV above without charge to government agencies and other entities engaged in providing services to residents of Nevada. Because the Lifeline program is engaged in providing access to telephone services and/or broadband services and/or connected devices to residents of Nevada, DWSS is providing the matching service described in section IV above to USAC without charge.

Each Party will be responsible for all other expenses it may incur in connection with the

preparation, negotiation, and execution of this Agreement and performance of the activities described in this Agreement, and no party shall be liable to any other party for such expenses.

This Agreement is not a basis for the transfer of funds. To the extent that future activities conducted under this Agreement would require the obligation of funds and/or reimbursement of one or more of the Parties, a separate agreement would be executed as appropriate.

XVI. DURATION OF AGREEMENT

A. Effective Date of the Agreement

Unless otherwise provided for by statute, the Effective Date of this Agreement will be thirty (30) days after the FCC has published notice of the matching program in the FR, provided that the FCC has first provided the proposed matching program report to the Congressional committees of jurisdiction and OMB in accordance with 5 U.S.C. § 552a(o)(2)(A) and (r) and OMB Circular A-108, and upon completion of their advance review period, the FCC has published notice of the matching program in the FR for a thirty (30) day public comment period as required by 5 U.S.C. § 552a(e)(12).

On such Effective Date, this Agreement will supersede and replace all previously executed Computer Matching Agreements, including all renewals and modifications thereof, between the Parties.

B. Renewal of the Agreement

This Agreement may be extended for one twelve (12) month period upon mutual agreement by both Parties, if the renewal occurs within three (3) months of the expiration date of this Agreement. Renewals are subject to the requirements of the Privacy Act, 5 U.S.C. §552a(o)(2)(D), that:

- The matching programs to be renewed will be conducted without any change, and
- Each party to the agreement certifies to the responsible DIB in writing that the matching program has been conducted in compliance with the original Agreement.

C. Termination of the Agreement

This Agreement shall terminate when the purpose of the computer match has been accomplished, or after eighteen (18) months from the effective date of the Agreement without notice from either party (whichever comes first). This Agreement may also be terminated, nullified, or voided by either USAC, the FCC or DWSS, if:

- Any Party violates the terms of this Agreement; or
- USAC or DWSS or their authorized users misuse or improperly handle the data provided by the other party; or

- The Parties mutually agree to terminate this Agreement prior to its expiration after eighteen (18) months; or
- Any Party provides the other with thirty (30) days written notice.

XVII. DATA INTEGRITY BOARD REVIEW/APPROVAL

The FCC’s DIB will review and approve this Agreement prior to implementing this matching program. Disapproval by the DIB may be appealed in accordance with the procedures set out in 5 U.S.C. § 552a(u)(5). Further, the FCC’s DIB will perform an annual review of this matching program. USAC agrees to notify the Chair of the FCC DIB of any changes to or termination of this Agreement.

This Agreement may be modified only by mutual consent of the Parties and approval of the FCC DIB. Any modifications must be in writing and satisfy the requirements of the Privacy Act and the requirements set forth in the OMB CMPPA Guidance.

XVIII. POINTS OF CONTACT

<p>DWSS Deputy Administrator, Information Systems Nevada Dept. of Health and Human Services, Division of Welfare and Supportive Services 1470 College Parkway Carson City, NV 89706 Email: nswdhelp@dwss.nv.gov Tel: 775-684-0500</p>	<p>USAC Tim O’Brien Vice President, Lifeline USAC 700 12th Street, NW, Suite 900 Washington, DC 20005 Tel.: 202-772-5205 Email: Tim.OBrien@usac.org</p>
