Privacy Act of 1974; Matching Program

AGENCY: Federal Communications Commission.

ACTION: Notice of a new matching program.

SUMMARY: In accordance with the Privacy Act of 1974, as amended ("Privacy Act"), this document announces a new computer matching program the Federal Communications Commission ("FCC" or "Commission" or "Agency") and the Universal Service Administrative Company (USAC) will conduct with the Mississippi Department of Human Services. The purpose of this matching program is to verify the eligibility of applicants to and subscribers of Lifeline, and the Affordable Connectivity Program (ACP), both of which are administered by USAC under the direction of the FCC. More information about these programs is provided in the **SUPPLEMENTARY INFORMATION** section below.

DATES: Written comments are due on or before March 27, 2025. This computer matching program will commence on March 27, 2025, and will conclude 18 months after the effective date.

ADDRESSES: Send comments to Elliot S. Tarloff, FCC, 45 L Street NE, Washington, DC 20554, or to *Privacy@fcc.gov*.

FOR FURTHER INFORMATION CONTACT: Elliot S. Tarloff at 202-418-0886 or *Privacy@fcc.gov*.

SUPPLEMENTARY INFORMATION: The Lifeline program provides support for discounted broadband and voice services to low-income consumers. Lifeline is administered by the Universal Service Administrative Company (USAC) under FCC direction. Consumers qualify for Lifeline through proof of income or participation in a qualifying program, such as Medicaid, the Supplemental Nutritional Assistance Program (SNAP), Federal Public Housing Assistance, Supplemental Security Income (SSI), Veterans and Survivors Pension Benefit, or various Tribal-specific federal assistance programs.

In the Consolidated Appropriations Act, 2021, Public Law 116-260, 134 Stat. 1182, 2129-36 (2020), Congress created the Emergency Broadband Benefit Program, and directed use of the National Verifier to determine eligibility based on various criteria, including the qualifications for Lifeline (Medicaid, SNAP, etc.). EBBP provided \$3.2 billion in monthly consumer discounts for broadband service and one-time provider reimbursement for a connected device (laptop, desktop computer or tablet). In the Infrastructure Investment and Jobs Act, Public Law 117-58, 135 Stat. 429, 1238-44 (2021) (codified at 47 U.S.C. 1751-52), Congress modified and extended EBBP, provided an additional \$14.2 billion, and renamed it the Affordable Connectivity Program (ACP). A household may qualify for the ACP benefit under various criteria, including an individual qualifying for the FCC's Lifeline program.

In a Report and Order adopted on March 31, 2016, (81 FR 33026, May 24, 2016) (*2016 Lifeline Modernization Order*), the Commission ordered USAC to create a National Lifeline Eligibility Verifier ("National Verifier"), including the National Lifeline Eligibility Database (LED), that would match data about Lifeline applicants and subscribers with other data sources to verify the eligibility of an applicant or subscriber. The Commission found that the National Verifier would reduce compliance costs for Lifeline service providers, improve service for Lifeline

subscribers, and reduce waste, fraud, and abuse in the program.

The Consolidated Appropriations Act of 2021 directs the FCC to leverage the National Verifier to verify applicants' eligibility for ACP. The purpose of this matching program is to verify the eligibility of Lifeline and ACP applicants and subscribers by determining whether they receive SNAP benefits administered by the Mississippi Department of Human Services.

Participating Agencies

Mississippi Department of Human Services (source agency); Federal Communications Commission (recipient agency) and Universal Service Administrative Company.

Authority for Conducting the Matching Program

The authority to conduct the matching program for the FCC's ACP is 47 U.S.C. 1752(a)-(b). The authority to conduct the matching program for the FCC's Lifeline program is 47 U.S.C. 254(a)-(c), (j).

Purpose(s)

The purpose of this new matching agreement is to verify the eligibility of applicants and subscribers to Lifeline, as well as to ACP and other Federal programs that use qualification for Lifeline as an eligibility criterion. This new agreement will permit eligibility verification for the Lifeline program and ACP by checking an applicant's/ subscriber's participation in SNAP in Mississippi. Under FCC rules, consumers receiving these benefits qualify for Lifeline discounts and also for ACP benefits.

Categories of Individuals

The categories of individuals whose information is involved in the matching program include, but are not limited to, those individuals who have applied for Lifeline and/or ACP benefits; are currently receiving Lifeline and/or ACP benefits; are individuals who enable another individual in their household to qualify for Lifeline and/or ACP benefits; are minors whose status qualifies a parent or guardian for Lifeline and/or ACP benefits; or are individuals who have received Lifeline and/or ACP benefits.

Categories of Records

The categories of records involved in the matching program include the last four digits of the applicant's Social Security Number, date of birth, and first or last name. The National Verifier will transfer these data elements to the Mississippi Department of Human

Services which will respond either “yes” or “no” that the individual is enrolled in a qualifying assistance program: SNAP administered by the Mississippi Department of Human Services.

System(s) of Records

The records shared as part of this matching program reside in the Lifeline system of records, FCC/WCB–1, Lifeline, which was published in the **Federal Register** at 89 FR 28777 (Apr. 19, 2024).

The records shared as part of this matching program reside in the ACP system of records, FCC/WCB–3, Affordable Connectivity Program, which was published in the **Federal Register** at 89 FR 28780 (Apr. 19, 2024).

SUPPLEMENTARY INFORMATION:

I. Background

U.S. Customs and Border Protection (CBP) regulations generally require that the master or vessel agent¹ of a commercial vessel submit certain arrival, entrance, and clearance data to CBP when traveling to and from U.S. ports of entry. See part 4 of title 19 of the Code of Federal Regulations (19 CFR part 4). The vessel agent must generally submit this data to CBP on paper forms. Some of the data collected through these forms is redundant or already available to CBP through other required data submission platforms, such as data required by the applicable U.S. Coast Guard (USCG) regulations. See 33 CFR 160.201–216.

On November 21, 2022, CBP published a notice in the **Federal Register** (87 FR 70850) announcing the Vessel Entrance and Clearance Automation Test (“the Test”). The Test allows for the partial automation and electronic filing of many of CBP’s paper-based commercial vessel arrival, entrance, and clearance data collections. Specifically, the Test allows participants to electronically submit to CBP, through the Vessel Entrance and Clearance System (VECS), when seeking to enter into or depart from a designated port, the entrance and clearance data

¹ For the purposes of this document, “vessel agent” may include a vessel master or commanding officer, authorized agent, operator, owner, consignee, or a third party contracted by the owner or operator of the vessel to prepare and submit entrance and clearance documentation to CBP on behalf of the vessel owner or operator.
