Rap should NOT be allowed as no one can understand what is being said. This years was raunchy, ghetto and classless. No diversity (white, Latin, Native American, etc) but it seems the black community got their spotlight. If this is how the NFL and New Orleans wants to be represented then they are quickly loosing respect. I am disgusted with the people who have been put in charge with the halftime shows and refuse to watch anymore until they hire singers who are accepted in all ethnicities and not just the obvious one (like this year -ALL BLACK). When did the NFL become a racist organization? How many complaints are required before something is done? I have never been so offended or felt disrespected by the NFL until these last few halftime shows and something or someone needs to address it.

## **Description**

Racist and anti White nfl show: Samuel Jackson as Uncle Sam mocked White people as the content clear as he mentions "not ghetto enough for you?!". A varied selection of talented performers would have been much better and all inclusive. As a former musician I gave it a chance. The content of the songs were deceptive that Whites today abuse Black people and insensitive to other races that have been treated unfairly. I had a scholarship that I won fairly taken from me because I am White and given to a Black female and that's not right. I was whipped by a gang of black teenagers when I was a little girl simply for wearing a pink jacket and they said that white girl cannot wear something like that. I know many of my white friends that were either raped or beaten by Black people while growing up in New York. The lies have to stop. Nothing was passed down to me by ancestors. The majority of these players on the teams are Black. I will not be deceived. Slavery was horrible and my Union civil war ancestor was killed fighting for freeing slaves. The message is that my ancestor's life did not matter as he was killed as a civil war union soldier fighting to free slaves. It was very insensitive and a huge betrayal. It was very racist as the Black national anthem talks about all their voices to sing only if you are Black and that is unfair, causing people that are not Black to feel ostracized. It was anti American because our national anthem is for all races and our nation.

Why are people of color allowed to use that word and yet white people can be crucified and cancelled over it? Then it's aired on national TV? Come on. NFL should have known better than to use him as their act but regardless, It should be aired on a delay to bleep out the filth he was spewing. I thought I heard some other swear words as well, but we turned it down after that and I don't understand rap enough to know for sure.

This show was very boring. I think if you want someone to rap then you also need someone from a different

Genre as well to meet other people's interest as well. There are all races and cultures in America and to be fair to others other musicians need to be included or it just needs switched up from year to year. Only one group of people seem to be thought about nowadays "black culture". Kendrick Lamar is a great rapper but the whole show was just his on going beef with Drake. He didn't care about putting on a good show for America. Just wanted to rub his success in his competitors face and that's not what the halftime show should be about.

This is not a connectivity nor Satellite provider issue - but this is the only way I could find to send this complaint. The Super Bowl 2025 halftime show was nothing but a personal feud between 2 (rappers) musical performers. The meaning behind the show, as it has come to light, is nothing but a political and racist ploy utilized on a family network to promote Lamar's legal battle with Drake. It was camouflaged as a portrayal of American music and display of red, white and blue. However, nobody could understand his words even with closed caption on.

It has been described today as "if one doesn't understand the message, they too are part of the problem." This is insane and should not be allowed.

Why is someone allowed to freely rebuke on a public platform when it should be left to the courts. If the FCC wanted to monitor and promote clear and fair entertainment, as a Caucasian, me and my family could claim prejudice as it has been many years since something besides RAP or anything from a country or clean Pop music has been represented. I'd rather you just let a high school marching band or bands perform instead. It's FOOTBALL for God's sake.

The halftime show performed by Kendrick Lamar was nothing short of horrible. It was not entertaining, contained inappropriate language and content for a broad viewing audience and was a huge disappointment to many. The Super Bowl halftime show is something that hundreds of thousands of people look forward to and the NFL should do better and also consider their audience. NFL needs to be selective and choose performers that appeal to a wider range of viewers and a rapper does not fall into that category.

I am writing to formally express my concern and disappointment regarding the inappropriate and vulgar nature of the halftime show during [Event Name], which aired on [Date]. As a viewer, I was shocked by the explicit content, language, and overall tone of the performance, which I believe was inappropriate for a broad audience, especially considering the wide range of viewers, including families and children, who watch such events.

The performance, in my opinion, crossed the line of what is acceptable for public broadcast, and I believe it violated the standards that the FCC sets for content aired during family-oriented programming. As a concerned member of the public, I urge the FCC to investigate this matter and take appropriate action to ensure that future broadcasts adhere to decency standards. Who is responsible for approving these performances? It would appear no one.. The halftime show should be targeted/enjoyed children to seniors. This was a disgrace with the entire world watching... shame on you!

## **Description**

This show catered to a culture that used profanity and street talk to communicate..80% of the viewers are not part of this culture.. children do not need to listen to a fight between a supposed pedophile and a competing hip hop artist... it was vulgar divisive and in your face reverse racism.. jay z has your contract.. better watch who you are working with.. he is under investigation for being a rapist pedophile

It is my understanding that a lot of people don't know about filing a complaint to you about the halftime show, but more people than you know would like to see something besides hip hop and rap. Whatever happened to country of even older rock and roll. Also since when did football have anything to do with other peoples love life. I believe football people don't care about seeing Taylor Swift all the time. I'm glad see got booed I hope you take everyone's comments seriously. Thank you.

## **Description**

During the Super Bowl halftime show on Sunday February 9, 2025 a male rapper joined Kendrick Lamar on stage rapping and intentionally grabbed his crotch in clear view of the camera while he was front and center rapping with Kendrick Lamar. This can be found at the 12:05 mark on the YouTube video: <https://youtu.be/KDorKy-13ak?si=8RunnmF8iSB11N34> . This was disgusting and offensive and Fox and the NFL should be fined and given the worst possible punishment for broadcasting such a graphic sexual gesture on nationwide TV during a family program.
