

Attachment for Notification of AM All-Digital Operations

New all-digital AM notification requirements have been added to new section 73.406 of the Commission's rules.

9. All-digital AM station filers must submit an attachment to the FCC 335-AM Digital Notification containing the following information:

- (a) For all-digital AM stations, the type of notification (all-digital notification, increase in nominal power, reduction in nominal power, transition from core-only to enhanced, transition from enhanced to core-only, reversion from all-digital to hybrid or analog operation);
- (b) the date that new or modified all-digital operation will commence or has ceased;
- (c) the nominal power of the all-digital station;
- (d) a certification that the all-digital operations will conform to the relevant nominal power and spectral emissions limits;
- (e) For all-digital AM stations, if a notification of commencement of new all-digital service or a nominal power change, whether the station is operating in core-only or enhanced mode.
- (f) For all-digital AM stations, a certification that the all-digital station complies with all EAS requirements.
